

Eventus Study Tours presents

England | United Kingdom

Experience Education

Introduction to the Tour

This tour is designed to expose, nurture and inspire a students interest in art and design. During the tour, students will actively participate in a wide range of engaging educational workshops in some of the most iconic creative institutions in the world. Surrounded by inspiration at The National Gallery, students will explore traditional fine art techniques, and learn about colour, light and shape. Students will explore graphic design and product design at the Design Museum by handling products and discussing form and function. Students will engage with both contemporary and traditional art, culture and ideas through a series of workshops at the Tate Modern and the V & A, gaining advice and practical hands-on experience of working in the creative industries, including opportunities to meet and work with professional artists and designers. Finally, exploring a more urban influence, students will discover the best street art London has to offer. On the guided tour through the heart of Shoreditch, students will channel their inspiration to learn and then apply modern art techniques like screen printing, graffiti, stencil art and mixed media processes.

The Project

Throughout the tour, students will be expected to document their thoughts and ideas, reflect and comment on the artist, their history, style and technique. The tour itself is an art and design project. The activities and workshops enable them to document their journey and experiences, resulting in a collection of research, development of ideas and a final piece using photography and a screen print that will be recorded and delivered as a final presentation.

The tour will be lead by tour directors who are specifically chosen for their qualification and experience in teaching art and design. They will go beyond the role of tour guides and offer support, advice, knowledge and guidance to the students as they navigate the museums and art galleries and partake in the creative workshops.

Ages 11-14
Key Stage 3
(Years 7-9)

Cost TBC

11 days
Including Flights

All Inclusive

"What I love about the Eventus Study Tour experience is that they take care of everything. The professionalism of the tour leaders and the overall organisation of the tour, allowed me, the teacher, to enjoy the experience of being with the students."

Mr. Ian Schoeman, Taylors International School, Malaysia

Highlights

-  Get creative with a unique workshops at the Fashion and Textiles Museum.
-  Handle unique materials and discuss the social obligation of a designer to seek new environmentally friendly materials at the Design Museum.
-  Participate in programmes designed to give student's advice and practical hands-on experience of working in the creative industries. Opportunities to meet and work with professional artists, designers and performers.

DAY

3

Morning

Street Art Tour

Explore the latest and best work in this energetic, dynamic and cool scene: The street art of Shoreditch. This workshop is about "seeing" the art and spotting the myriad possibilities for creating sensational photographs.

Lunch

Afternoon

Fashion and Textiles Museum

Taking inspiration from the exhibitions, students will work with experienced fashion and textile designer Suki Bourne to design their own colourful collection and discover how designers work in the industry.

Morning

Cartoon Museum Workshop

The Cartoon Museum offers unique workshops taught by professional artists. Designed to encourage creativity by showing students how to design their own superhero and a dastardly villain, and draw them both in action.

Lunch

Afternoon

Tate Modern

Workshops at the Tate Modern are led by contemporary artists who will extend and deepen the students' understanding through meaningful encounters with the artworks and encourage the students to engage with art, culture and ideas.

DAY

4

DAY

5

Morning

Museum of Brands

After researching in the Museum, students will participate in a workshop that encourages them to think about how packaging graphics have changed over the years and how graphics are used to communicate a message.

Lunch

Afternoon

Design Museum

The Design Museum workshop allows students to gain an understanding of how designers impact our everyday life. Students will study materials and discuss the social obligation of a 21st-century designer.

Morning

Royal Academy of Arts

The workshop encourages students to think about art in new ways: considering practice and intention, and articulate how they understand and experience the work at the Royal Academy of Arts.

Lunch

Afternoon

Visual Arts Class

The drawing class is taught by an experienced artist providing students with opportunity to learn and apply traditional drawing techniques and explore perspective and lighting using a range of different materials.

DAY

-  Risk Assessment

DAY
8

Morning

Jamie Oliver Cooking Class

Today we will be getting creative in the kitchen with a Jamie Oliver cooking class. Fun, interactive and delicious, students will have the opportunity to eat their creation for lunch.

Lunch

Afternoon

Screen printing workshop

Fun and creative, and one to take home for the parents, this workshop will show students how to design an original screenprint using their own images selected from the previous photography workshop.

Morning

Changing of the Guards Ceremony

Our final morning starts at Trafalgar Square, then on to see the Changing of the Guards and a stroll along the Mall to Buckingham Palace. We end the morning with tea and scones before heading to the National Gallery.

Lunch

Afternoon

National Gallery

Discover the hidden story behind a series of paintings with an exciting workshop at the National Gallery. With the help of an actor, this drama and literacy workshop helps students respond to ideas, develop stories and communicate creatively.

DAY
9

Accommodation

The property specialises in offering accommodation to large school groups. Located 20 minutes from London City Centre, the house accommodates a maximum of 24 students who will enjoy exclusive access to the property. Importantly it offers a safe and private environment for students to utilise the space, whether it's a group presentation or movie night in the games room.

Local Cuisine

Food is an essential part of the cultural experience which is why we offer a variety of British cuisine. From the full English breakfast, pie and mash, classic fish and chips, tea and scones and the traditional Sunday roast dinner.

Our Tour Leaders

All our tour leaders hold, at minimum, a university degree, a PGCE teaching qualification and no less than 8 years teaching experience with 6 years experience leading overseas educational tours. In addition, our leaders hold a TIC Tour Leader Pass, are first aid trained, CRB background checked and selected for their leadership skills, knowledge, experience and professionalism.
